

This document serves as proof of purchase. It must be retained in order to make a warranty claim.

### Warranty Information

For the first 40 days after purchase, derricksmash.com cornhole bags are protected by a **full warranty**. Within this time, any bag experiencing a rupture while in basic use will be replaced at no cost. If they are destroyed by an animal or subjected to moisture, they will not be replaced under warranty. In no circumstance will loss or misplacement of the cornhole bags be eligible for warranty replacement. After 40 days, only the **seams** of the cornhole bags continue to remain warranted for the **life of the bag**.

There are two uncontrollable factors that determine the length of a bag's life. One is the **cornfeed**. If it gets subjected to moisture, the corn will mold. (Additionally, the repeated impact of game play pounds the whole kernels into to a fine dust that will slowly trickle out through the fine weave of the duck cloth.) The other factor is the **integrity of the duck cloth**. It is a cotton canvas and its strength will decrease over time, resulting in holes and tears.

While we have no control over the cornfeed and the integrity of the duck cloth, there is a factor that we do in fact have control of: the **strength of the seams**. Because of this, they are warranted for the life of the bag. If our seams are done correctly, they will outlast the uncontrollable factors.

For warranty clarification: a cornhole bag's life is over when it meets **one or more** of the following conditions. **1) The cornfeed is moldy. 2) More than 50% of the cornfeed is no longer whole. 3) The duck cloth has rips and tears.** A ruptured cornhole bag is still under warranty if it is lacking **all** of these conditions. Consequentially, a ruptured cornhole bag bearing at least **one** of these conditions is no longer under warranty.

To file a claim, navigate to **<http://warranty.derricksmash.com>** and follow the instructions. This document and the cornhole bag(s) in question must be in your possession in order to file a claim.

Cheers,

Derrick Pugh
